12. TRADING POLICIES AND PROCEDURES

Placing of instructions

You may give us instructions in electronic form through the Company Online Trading System (Platform). If any instructions are received by us through electronic means we may ask you to confirm such instructions in writing. We shall be authorised to follow instructions notwithstanding your failure to confirm them in writing. In this Agreement "instructions" and "orders" have the same meaning.

Types of Orders Accepted

Some of the types of orders The Company accepts include, but are not limited to:

- a. **Good till Cancelled ("GTC")**- An order (other than a market order), that by its terms is effective until filled or cancelled by Customer. GTC Orders do not automatically cancel at the end of the Business Day on which they are placed.
- b. **Limit**- An order (other than a market order) to buy or sell the identified market at a specified price. A limit order to buy generally will be executed when the ask price equals or falls below the bid price that you specify in the limit order. A limit order to sell generally will be executed when the bid price equals or exceeds the ask price that you specify in the limit order.
- c. **Market**- An order to buy or sell the identified market at the current market price that The Company provides via the Online Trading System. An order to buy is executed at the current market ask price and an order to sell is executed at the current market bid price.

- d. **One Cancels the Other (“OCO”)-** An order that is linked to another order. If one of the orders is executed, the other will be automatically cancelled.
- e. **Stop Loss-** A stop loss order is an instruction to buy or sell a market at a price which is worse than the opening price of an open position (or worse than the prevailing price when applying the stop loss order to an already open position). It can be used to help protect against losses. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.
- f. **Trailing Stop-** A trailing stop is the same as a stop loss order with the only difference being that, instead of setting a price at which the order is activated, the trailing stop order is activated at a fixed distance from the market price. For example, if Customer has purchased a long open position and the market ask price increases, the trailing stop price will also increase and will trail behind the market ask price at the fixed distance set by Customer. If the market ask price then decreases, the trailing stop price will remain fixed at its last position and if the market ask price reaches the trailing stop price, the order will be executed. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the trailing stop order and as such, trailing stop orders are not guaranteed to take effect at the fixed distance for which they are set.

Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account.

Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period.

Terms of Acceptance for Orders

It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a market order, limit order, stop loss order or any other type of order, including the relevant price and lot size. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be materially different (positive or negative to the client) to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control. The Company shall have no liability for failure to execute orders. The Company shall have the right, but not the obligation, to reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

Execution Policy

We are required to have an execution policy and to provide our clients with appropriate information in relation to our execution policy. Where you place orders with us, the execution factors that we consider, and their relative importance is as set out below:

- a. **Price.** The relative importance we attach is “high”.
- b. **Speed.** The relative importance we attach is “high”.
- c. **Likelihood of execution and settlement.** The relative importance we attach is “high”.
- d. **Size.** The relative importance we attach is “high”.

We are the principal to every order you place with us and therefore we are the only execution venue.

Cancellation of trades

We have the right to reject an order or to cancel a trade if we have evidence on:

1. fraud/illegal actions that led to the transaction,
2. any instance when The Company has cause to believe that a person's trading activities may be illegal;
3. any instance where The Company may suffer any fiscal, regulatory, or pecuniary disadvantage by virtue of anyone's activities;
4. any instance where one or more transactions are judged by The Company to have been performed in violation of this Agreement;
5. orders placed based on manipulated prices as a result of system errors or system malfunctions;
6. arbitrage trading on prices offered by our platforms because of systems errors; and
7. coordinated transactions by related parties to take advantage of systems errors and delays on systems updates.

We reserve the right to cancel any and/or all trading positions and withhold and/or forfeit any profits incurred by the Customer on all the Customer's trades if we consider that that the Customer has engaged in market Arbitrage.

Authority

We shall be entitled to act for you upon instructions given or purporting to be given by you or any person authorised on your behalf without further enquiry as to the genuineness, authority or identity of the person giving or purporting to give such instructions provided such instruction is accompanied by your correct Account number and password. If your Account is a joint account, you agree that we are authorized to act on the instructions of any one person in whose name the Account is held, without further inquiry. We shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any actions taken or failed to be taken by us in reliance on any such instructions or on the apparent authority of any such persons.

Cancellation/withdrawal of instructions

Non-market orders may be cancelled via the Company Online Trading System, but we can only cancel your instructions if you explicitly request so, if we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. The Company shall have no liability for any claims, losses, damages, costs, or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

Right not to accept orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. GCMT may cancel any instructions previously given by you provided that the Company have not acted on your instructions. Without prejudice to the generality of the foregoing GCMT reserves the right to limit the number of open positions that customer may enter or maintain in customer's Account.

GCMT reserves the right, in its sole discretion, to refuse to accept any Order opening a new position or increasing an open position. Acceptance of your Order will be evidenced by GCMT's confirmation of that Order. The validity of any Order shall not, however, be affected by any failure or delay in such Order being confirmed. Acceptance of any Order does not constitute any acknowledgment agreement or representation that for a Margin Transaction your Initial Margin or Margin requirement in respect of the Order or your existing Order is satisfied.

Control of orders prior to execution

We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed, or added to by us at our absolute discretion and may include (without limitation):

- a. controls over maximum order amounts and maximum order sizes;
- b. controls over our total exposure to you;
- c. controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d. controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any order or orders has come from you); and/or
- e. any other limits, parameters, or controls which we may be required to implement in accordance with Applicable Regulations.

Trade Adjustments

Customers must be aware that Foreign exchange transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Customer has deposited or will have to deposit. This may work against as well as positive for the customer.

The Company exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, because of changes in credit markets and/or at times of extreme market volatility. In such circumstances, the Customer agrees to indemnify The Company for all losses that may occur due the widening of spreads and the adjustment of leverage.

Execution of orders

We shall use our reasonable endeavors to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such order or that execution will be possible according to your instructions. If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf, we shall notify you promptly.

Confirmations

At the end of each trading day, confirmations for all Transactions that we have executed on your behalf on that trading day will be available via your online Account on our website, which is updated online as each Transaction is executed. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive and binding upon you if not objected to immediately by email if orders were placed through the Company Online Trading System or by telephone to the Company's Trading Desk, within five Business Days of making such confirmations available to you via our website or we notify you of an error in the confirmation within the same period.

In cases where the prevailing market represents prices different from the prices posted by The Company, The Company will attempt, on a best efforts' basis and in good faith, to execute market orders on or close to the prevailing market prices. This may or may not adversely affect customers realized and unrealized gains and losses.

Improper or Abusive Trading

The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), The Company shall consider this as unacceptable behavior. Should the Company determine, at its sole discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- a. fraud/illegal actions that led to the transaction;
- b. orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c. arbitrage trading on prices offered by our platforms because of systems errors; and/or
- d. coordinated transactions by related parties to take advantage of systems errors and delays on systems updates.

Then the Company will have the right to:

- a. adjust the price available to you; and/or
- b. remove the illicit profit without the client's initial deposit be affected
- c. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- d. obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- e. reject an order or to cancel a trade; and/or
- f. immediately terminate our trading relationship

Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

No business associate or former business associate of the Company or any of its related entities shall, during the period of the agreement between the associate/former business associate and The Company and after termination of such agreement, become a client of any brand of The Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval. Should the Company consider that the associate/former business associate is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the relevant associate/former business associate's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

- b. if the Company suspects or has concerns that the submitted documents may be false or fake;
- c. if the Company suspects you are involved in illegal or fraudulent activity;
- d. if the Company is informed that your credit or debit card (or any other payment method used) has been lost or stolen;
- e. where the Company considers that there is a chargeback risk; and/or
- f. when you deposit \$10,000 or more or if you make over 10 separate deposits to your trading Accounts and The Company is unable to verify your credit or debit card details or is unable to verify any other payment method used.

In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned to the bank account that have been initially received.

Performance and settlement

You will promptly deliver any instructions, money, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.

Position limits

We may require you to limit the number of open positions which you may have with us at any time, and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

Trailing Stop functionality in case that Trading Systems and MT4/5 terminals are closed

In the event that the Trading Systems and MT4 and MT5 client terminal are closed; trailing stop will not work. This happens as the trailing stop works on the client terminal side and in this respect, if the client terminal is closed, only the stop loss that was placed by trailing stop before the closing of the terminal can trigger.

Stock Related Payouts on CFDs

Payments on Stock Splits, Reverse Stock Splits, Stock Dividends, and other Stock related events can have an impact on the share price and thus on the price of an equity based CFD. A person who holds a CFD position has no ownership of the underlying instrument. However, when a customer holds a long CFD position, the Company shall pay the equivalent of the dividend to that customer and deduct the equivalent from any customer holding a short CFD position. This shall be done on or shortly after the ex-dividend date as that is when the economic effect is felt on the underlying share price.

With respect to use of the Trading Systems which may give direct connectivity to a Market you shall neither engage in, nor facilitate, nor fail to take reasonable steps to prevent:

- a. any action or any course of conduct that has the effect, or may be expected to have the effect, of artificially and/or abnormally moving the price or value of any securities admitted to the Market or

You should familiarize yourself and comply with any Applicable Laws concerning the short sale of securities if you seek to execute a short sale transaction and you will ensure that your use of the Trading Systems will not result in a breach by us (or our Affiliate) of any Applicable Laws concerning the short sale of securities or any terms of this Customer Agreement concerning short sale orders or transactions. If you breach this clause, we reserve the right to treat any Order or resultant Transaction as void and to cancel, close or unwind any resultant Transaction.

In the case whereas, you execute trading strategies with the objective (in the Company's opinion) of exploiting misquotations, technical issues, or acting in bad faith, the Company shall consider it as abusive behaviour.

For the benefit of doubt, we have the sole right to determine what is market abuse, allowing good faith discretion only.

The Company reserves the right to take additional measures it deems necessary, depending on the circumstances and the severity of the abusive act, such as to:

- a. restrict your access to instantly tradable quotes, and/or
- b. restrict your access to only certain assets; restrict leverage in specific assets or in the trading account
or
- c. adjust the Spreads available to you; and/or immediately terminate the Agreement.

In extreme cases we reserve the right to report to the relevant authorities, both financial and criminal, any attempts at market manipulation.

If an order entry is made using the Trading Systems by mistake or does not reflect the intended transaction (an "erroneous order") then you shall be responsible for amending or cancelling such Orders as necessary and for closing any resultant positions subject to our rights in this Trading Agreement.

The Company also reserves the right to limit your use of the Trading Systems and apply pre-execution trading controls as may be appropriate to preserve compliance with Applicable Laws or any other trading limits which may be notified to you.

Rights on Default

On the occurrence of an Event of Default, we may exercise our rights under this clause, except that in the case of the occurrence of any Event of Default specified in Clause 14.2 or Clause 14.3 of the definition of Events of Default (each “**Bankruptcy Default**”), the automatic termination provision of this clause shall apply.

Liquidation Date

Subject to the following sub-clause, at any time following the occurrence of an Event of Default, we may, by notice to you, specify a date (the “**Liquidation Date**”) for the termination and liquidation of Transactions in accordance with this clause.

Automatic termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following sub-clause shall then apply.

Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

- i. neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);
- ii. we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by us in writing or, failing any such specification, the lawful currency of the United States (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and
- iii. we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the “**Liquidation Amount**”).

Payer

If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

Other transactions

Where termination and liquidation occur in accordance with this clause, we shall also be entitled, at our discretion, to terminate and liquidate, in accordance with the provisions of this clause, any other transactions entered into between us which are then outstanding.

Payment

The Liquidation Amount shall be paid in the Base Currency by the close of business on the Business Day following the completion of the termination and liquidation under this clause (converted as required by applicable law into any other currency, any costs of such conversion to be borne by you, and (if applicable) deducted from any payment to you). Any Liquidation Amount not paid on the due date shall be treated as an unpaid such amount and bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum for each day for which such amount remains unpaid.

Base Currency

For the purposes of any calculation hereunder, we may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as we shall reasonably select.

Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with the passage of time, the giving of notice, the making of any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

Additional rights

Our rights under this clause shall be in addition to, and not in limitation or exclusion of, any other rights which we may have (whether by agreement, operation of law or otherwise).

Application of netting to Transactions

This clause applies to each Transaction entered into or outstanding between us on or after the date this Agreement takes effect.

Single agreement

This Agreement, the terms applicable to each Transaction entered into under this Agreement, and all amendments to any of them shall together constitute a single agreement between us. We both acknowledge that all Transactions entered into on or after the date this Agreement takes effect are entered into in reliance upon the fact that the Agreement and all such terms constitute a single agreement between us.

20. RIGHTS ON DEFAULT

Default

On an Event of Default or at any time after we have determined, in our absolute discretion, that you have not performed (or we reasonably believe that you will not be able or willing in the future to perform) any of your obligations to us, in addition to any rights under the Clause 15 (Netting) we shall be entitled, without prior notice to you:

- i. instead of returning to your investments equivalent to those credited to your account, to pay to you the fair market value of such investments at the time we exercise such right;
- ii. to sell such of your investments as are in our possession or in the possession of any nominee or third party appointed under or pursuant to this Agreement, in each case as we may in our absolute discretion select or and upon such terms as we may in our absolute discretion think fit (without being responsible for any loss or diminution in price) in order to realise funds sufficient to cover any amount due by you hereunder;
- iii. to close out, replace or reverse any Transaction, buy, sell, borrow, or lend or enter into any other Transaction or take, or refrain from taking, such other action at such time or times and in such manner as, at our sole discretion, we consider necessary or appropriate to cover, reduce or eliminate our loss or liability under or in respect of any of your contracts, positions or commitments; and/or
- iv. to cancel and/or consider void any Transactions and profits or losses either realised or unrealised and/or to close out the account(s) you maintain with us pursuant to this Agreement, immediately and without prior notice.

21. TERMINATION WITHOUT DEFAULT

Termination

Unless required by Applicable Regulations, you may terminate this Agreement by giving 3 Business Days' notice. We may terminate this Agreement by giving you 10 Business Days' notice. We may terminate this Agreement immediately if you fail to observe or perform any provision of this Agreement or in the event of your insolvency.

Upon terminating this Agreement:

- i. all amounts payable by you to us will become immediately due and payable including (but without limitation):
 - a. all outstanding fees, charges and commissions;
 - b. any dealing expenses incurred by terminating this Agreement; and
 - c. any losses and expenses realised in closing out any Transactions or settling or concluding outstanding obligations incurred by us on your behalf.
- ii. The Company shall apply best execution rules in cases where you have not provided The Company with specific instructions regarding the closing of your positions.

The Company shall return any funds remaining in your trading account to your bank account, specifically the account from which the funds were debited. Your funds may be returned to another bank account to which you are the beneficiary if you provide us with the required documents to verify that the account

belongs to you.

Existing rights

Termination shall not affect then outstanding rights and obligations and Transactions which shall continue to be governed by this Agreement and the clauses agreed between us in relation to such Transactions until all obligations have been fully performed.

22. EXCLUSIONS, LIMITATIONS AND INDEMNITY

General Exclusion

Neither we nor our directors, officers, employees, or agents shall be liable for any losses, damages, costs or expenses, whether arising out of negligence, breach of contract, misrepresentation or otherwise, incurred or suffered by you under this Agreement (including any Transaction or where we have declined to enter into a proposed Transaction) unless such loss is a reasonably foreseeable consequence or arises directly from our or their respective gross negligence, willful default or fraud. In no circumstance, shall we have liability for losses suffered by you or any third party for any special or consequential damage, loss of profits, loss of goodwill or loss of business opportunity arising under or in connection with this Agreement, whether arising out of negligence, breach of contract, misrepresentation or otherwise. Nothing in this Agreement will limit our liability for death or personal injury resulting from our negligence.

Tax implications

Without limitation, we do not accept liability for any adverse tax implications of any Transaction whatsoever.

Changes in the market

Regarding trading in Foreign Exchange Derivative contracts, market orders are executed at the bid/ask prices offered through us. Pending orders (stop loss, limit (take profit), entry limit (to buy or to sell), entry stop (to buy or to sell) are executed at the then market price requested by you and offered through us.

We reserve the right, at our full discretion, not to execute the order, or to change the quoted price of the Transaction, or to offer you a new quote, in case of technical failure of the trading platform or in case of extraordinary or abnormal fluctuations of the price of the financial instrument as offered in the market. In the event we offer you a new quote you have the right to either accept it or refuse it and thus cancel the execution of the Transaction.

Without limitation, we do not accept any liability by reason of any delay or change in market conditions before any Transaction is affected.

Force Majeure

We may, in our reasonable opinion, determine that an emergency or an exceptional market condition exists (a “Force Majeure Event”), in which case we will, in due course, inform the appropriate regulatory authority and take reasonable steps to inform you. A Force Majeure Event will include, but is not limited to, the following:

- a. any act, event or occurrence (including without limitation any act of God, strike, riot or civil commotion, act or terrorism, war, industrial action, acts and regulations of any governmental or supra national bodies

or authorities) that, in our opinion, prevents us from maintaining an orderly market in one or more of the Financial Instruments in respect of which we ordinarily deal in Transactions ;

- b. the suspension or closure of any market or the abandonment or failure of any event on which we base, or to which we in any way relate, our quote, or the imposition of limits or special or unusual terms on the trading in any such market or on any such event;
- c. the occurrence of an excessive movement in the level of any Transaction and/or the market of a Reference Assets or our anticipation (acting reasonably) of the occurrence of such a movement;
- d. any breakdown or failure of transmission, communication or computer facilities, interruption of power supply, or electronic or communications equipment failure; and
- e. failure of any relevant supplier, intermediate broker, agent or principal of ours, custodian, sub-custodian, dealer exchange, clearing house or regulatory or self- regulatory organization, for any reason, to perform its obligations.

If we determine that a Force Majeure exists, we may, at our absolute discretion, without notice and at any time, take one or more of the following steps:

- a. increase your Margin requirements;
- b. close all or any of your open Transactions at such price as we reasonably believe to be appropriate;
- c. suspend or modify the application of all or any of the provisions of this Customer Agreement to the extent that the Force Majeure Event makes it impossible or impracticable for us to comply with the provision or provisions in question; or
- d. alter the Last Dealing Time for a particular Transaction

Limitation of Liability

We shall not be liable to you for any partial or non-performance of our obligations hereunder by reason of any cause beyond our reasonable control, including without limitation any breakdown, delay, malfunction or failure of transmission, communication or computer facilities, industrial action, act of terrorism, act of God, acts and regulations of any governmental or supra national bodies or authorities or the failure by the relevant intermediate broker or agent, agent or principal of our custodian, sub-custodian, dealer, exchange, clearing house or regulatory or self-regulatory organisation, for any reason, to perform its obligations. Nothing in this Agreement will exclude or restrict any duty or liability we may have to you under Applicable Regulations, which may not be excluded or restricted thereunder.

Responsibility for orders

You will be responsible for all orders entered on your behalf via an Electronic Service and you will be fully liable to us for the settlement of any Transaction arising from it.

Entire Agreement

You acknowledge that you have not relied on or been induced to enter into this Agreement by a representation other than those expressly set out in this Agreement. We will not be liable to you (in equity, contract or tort) for a representation that is not set out in this Agreement and that is not fraudulent.

Indemnity

You shall pay to us such sums as we may from time to time require in or towards satisfaction of any debit balance on any of your accounts with us and, on a full indemnity basis, any losses, liabilities, costs or expenses (including legal fees), taxes, imposts and levies which we may incur or be subjected to with respect to any of your accounts or any Transaction or as a result of any misrepresentation by you or any violation by you of your obligations under this Agreement (including any Transaction) or by the enforcement of our

rights.

23. MISCELLANEOUS

At the end of each trading day, client reports confirming all Transactions that we have executed on your behalf on that trading day will be available via your online Account on our website, which is updated online as each Transaction is executed. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive, and binding upon you if not objected to immediately by email if orders were placed through The Company's Online Trading System within five Business Days of making such confirmations available to you via our website or we notify you of an error in the confirmation within the same period.

In cases where the prevailing market represents prices different from the prices posted by The Company, The Company will attempt, on a best efforts' basis and in good faith, to execute market orders on or close to the prevailing market prices. This may or may not adversely affect customers

realized and unrealized gains and losses.

3. We do not receive commission, incentives, fee reductions or rebates from any clearing firm.

Additional costs

You should be aware of the possibility that other taxes or costs may exist that are not paid through or imposed by us.

Termination

4. You may terminate this Customer Agreement at any time by giving at least 3 Business Days' prior written notice to us.

We may terminate this Customer Agreement at any time by giving at least 5 Business Days' prior written notice to you, except that we may terminate this Customer Agreement immediately if you fail to observe or perform any provision of this Trading Agreement, upon the occurrence of any Event of Default, or at any time at which you have no open Transactions in your Account.

Termination will be without prejudice to accrued rights and remedies and the existence and enforceability of any open Transaction, which will remain open until closed in accordance with this Trading Agreement.

At any time after termination of this Trading Agreement, we may, without notice, close out any of your open Transactions.

5. Upon termination of this Trading Agreement, all amounts payable by you to us will become immediately due and payable, including:

all outstanding Commissions, fees and other charges;

any losses and expenses realized in closing out any Transactions or settling or concluding outstanding obligations incurred by us on your behalf.

6. All provisions that by their terms or nature are intended to apply after termination of this Customer Agreement will survive such termination, and each Transaction that is open at the time of termination will continue to be governed by this Customer Agreement and any additional understandings or

agreements between us in relation to such Transaction, in each case until any and all obligations in respect of such Transactions have been fully performed

The Company shall apply best execution rules in cases where you have not provided The Company with specific instructions regarding the closing of your positions.

The Company shall return any funds remaining in your trading account to your bank account, specifically the account from which the funds were debited. Your funds may be returned to another bank account to which you are the beneficiary if you provide us with the required documents to verify that the account belongs to you.

Risk Disclosure

The placing of certain orders (e.g., “stop loss” or “stop limits” orders) that are intended to limit losses to certain amounts may not always be affected because market conditions or technological limitations may make it impossible to execute such orders. Strategies using combinations of positions such as “spread” and “straddle” positions may be just as risky as or even riskier than simple “long” or “short” positions.

SCHEDULE 2

Contracts for Difference – Commodities and Other Reference Assets Supplement

Scope

This Schedule supplements and amends the Customer Agreement as expressly provided below. Defined terms in the Customer Agreement shall be assigned the same meaning in this Schedule. In the event of any conflict or inconsistency between the Customer Agreement and this Schedule the provisions in this Schedule shall prevail. You acknowledge and agree that, by executing the Customer Account Application, you agree to be bound by the terms of this Schedule.

Services

1. Orders for execution of a CFD Contract, unless otherwise agreed by us, are to be given to us electronically through the GCMT Online Trading System or Meta Trader Online Trading System to buy at the quoted offer price (“long position”) or sell at the quoted bid price (“short position”) for the relevant Reference Asset.
2. You acknowledge and agree that unless otherwise agreed in a formal written instrument you will not be entitled to delivery of, or be required to deliver, any Reference Asset nor will you acquire any interest in any Reference Asset.
3. Any market data specific to CFDs provided by GCMT or third party service providers and displayed on the GCMT website or any Trading Systems, is being displayed for informational purposes only. GCMT does not guarantee the completeness or accuracy of such information and will not be held liable if any such data or information is inaccurate or incomplete in any respect, and neither GCMT, nor any third-party providers, are responsible or liable for any actions you take or do not take based on such data or information. Such data or information is proprietary to GCMT and/or any such third-party service provider and you are not permitted to retransmit, redistribute, publish, disclose, or display in whole or in part such data or information to any third parties except as may be required by any law or regulation. You acknowledge and agree that GCMT will have the right to close any Transaction in its sole and absolute discretion without notice if the Reference Asset is a derivative

Financial Instrument or Commodity which may settle on expiry by a delivery other than in cash, a reasonable period prior to the expiry date as determined in the sole and absolute discretion of GCMT. GCMT will not be subject to any obligation to roll over a position in such a derivative Financial Instrument or Commodity.

Acceptance of Orders and Opening of CFD Contracts

1. If an Order has been executed in whole or in part, it will not be possible for you to cancel the Order to the extent that the Order has been executed.
2. We reserve the right to limit the number of open positions you may enter or maintain in your Account. We also reserve the right, in our sole discretion to refuse to accept any Order opening a new position or increasing an open position.

Closing a CFD Contract

1. To close any CFD Contract in whole or in part you must enter into a second CFD Contract in relation to the same Reference Asset as the first CFD Contract, but you must sell if the first CFD Contract was a purchase, and you must purchase if the first CFD Contract was a sell. We will treat your Order to open the new position as an instruction to close the existing position to the extent of the size of the new position. If the new position is greater in size than the first position, then the first position will be closed in full and a CFD Contract opened in relation to the excess size of the new position.
2. You acknowledge that Spreads, including market Spreads, can and do widen significantly in some circumstances, that they may not be the same size and that there is no limit on how large they may be. You acknowledge that when you close a Transaction, the Spread may be larger or smaller than the Spread when the Transaction was opened. For Transactions transacted when the Market of any Reference Asset is closed or in respect of which there is no Market for the Reference Asset, the bid and offer price figures that we quote will reflect what we believe the market price in an investment would be at that time. You acknowledge that such figures will be set by us at our reasonable discretion. Our quotation is not guaranteed to be within any specific percentage of the quotation of the Market of the Reference Asset, and the Spread quoted by us will reflect our view of prevailing market conditions. You undertake and agree not to use our bid and offer prices for any purpose other than for your own trading purpose, and you agree not to distribute our bid and offer prices to any other person whether such redistribution be for commercial or other purposes.
3. In addition to our rights of this Customer Agreement and our rights pursuant to clause “services” of this Schedule, we may close any Transaction in our sole discretion at any time without notice if:
 - a. if it is a ‘sell’ Transaction, and due to illiquidity in the relevant Reference Asset we are unable to borrow enough such Reference Asset to settle any underlying hedge position in respect of the Transaction; or
 - b. if we are required, at any time, by a lender to return any Reference Asset borrowed by us which relates to a Transaction and we are then unable to maintain a hedge position in respect of that Transaction; or
 - c. if at any time we are otherwise unable to establish or maintain a hedge position or any other Hedging Disruptions occurs in respect of a Transaction or the continuation of any such hedge or Hedging Disruption is likely, in our reasonable judgment, to become more burdensome to us.

Effects of Close-Out

With respect to any Transaction that is closed out by us pursuant to or as contemplated by the terms of the Trading Agreement:

1. except as may be otherwise specified in this Trading Agreement, the Closing Date will be the date designated by us to you and at a closing price as determined by us;
2. no further payments or deliveries are required to be made on or after the Closing Date, except for settlement payments as provided below; and
3. all amounts payable by either party in settlement of such Transaction are immediately due and payable.

All obligations arising or existing between us as a result of the close-out of one or more Transactions will be satisfied by the net settlement (whether by payment, set-off or otherwise) of all amounts due and payable between us, and the net amount determined to be payable by either party will be immediately due and payable.

Expiry Transaction

Unless otherwise informed, if you do not close an Expiry Transaction on or before the Last Dealing Time then, we will close your Expiry Transaction as soon as we have ascertained the price of the Expiry Transaction. The price of the Expiry Transaction will be (a) the last traded price at or prior to the close or the applicable official closing quotation or value in the relevant Reference Asset as reported by the relevant exchange, errors and omissions excluded; plus, or minus (b) any Spread that we apply when such an Expiry Transaction is closed. Details of the Spread that we apply when a particular Expiry Transaction is closed are available on request. You acknowledge that it is your responsibility to make yourself aware of the Last Dealing Time and of any Spread or Commission that we may apply when you close an Expiry Transaction.

Hedging Disruption

Notwithstanding anything to the contrary in this Trading Agreement, if we determine that a Hedging Disruption has occurred, or may occur, including a Hedging Disruption which is a result of any actual or imminent delay, disruption, suspension, or reduction in any payment or settlement in respect of any transaction or asset we deem necessary to hedge our Transaction price risk, whether such Hedging Disruption arises directly or indirectly from the failure of a hedging counterparty to perform its obligations or otherwise, then we will be liable to us for any increased costs or expenses resulting from such Hedging Disruption (including any costs of unwinding, establishing or re-establishing a hedge) and we may upon notification of such costs to you deduct them from your account or demand payment. If you fail to comply fully and by the required time with the obligation to make payment this will constitute an Event of Default.

Market Suspension and Delisting

1. If at any time trading on a regulated Market is suspended in any Reference Asset which is listed on a Market, we shall calculate the value of the CFD with reference to the last traded price before the time of suspension, or a closing price as reasonably determined by GCMT if no trading in that Reference Asset is undertaken during the Business Day on which a suspension occurs. If the aforesaid suspension continues for five Business Days, we and you may in good faith agree a Closing Date and

a value of the CFD. In the absence of such agreement, the CFD shall remain open in accordance with the provisions of this clause until such time as the aforesaid suspension is lifted or the CFD is otherwise closed. During the term of a CFD whose Reference Asset is suspended we have the right to terminate the CFD at our discretion and to amend or vary Margin requirements and Margin rates.

2. If a Regulated Market (as defined in the FCA's Rules) on which a Reference Asset is principally traded announces that pursuant to the rules of such Market the relevant Reference Asset has ceased (or will cease) to be listed, traded or publicly quoted on the Market for any reason and is not immediately re-listed, re-traded or re-quoted on the Market or quotation system located in the same country as the Market (or where the Market is within the European Union, in any Member State of the European Union), or already so issued, quoted or traded the day on which such event occurs, or (if earlier) is announced shall be the Closing Date. The closing price will be such price as notified by us to you.

SCHEDULE 3

Order Execution Policy

Best Execution

We deal with you as principal on our own account however we consider that the prices we quote on our Trading Systems against which you execute transactions with us constitute the provision of a transaction execution service which we undertake on your behalf and upon which you as a Retail Client rely upon. Accordingly, we take all reasonable steps to obtain firm price quotes for execution, as further described below (and subject to Order Execution Risks also noted below), to achieve the best possible result for you while considering the total consideration payable (excluding our charges), representing the price of the financial instrument and the costs related to execution. Nevertheless, whenever there is a specific instruction from you, we shall execute the order following the specific instruction. Our Order Execution Policy does not, however, guarantee that execution at our quoted prices (after deducting our charges which may be included in the quoted price) will always be executed at a price which is as good as, or better than, one which might have been available elsewhere.

Execution Counterparty & Charges

We will deal with you as principal with your orders being executed with us unless we inform you otherwise. Our charges may be incorporated as a mark-up or mark-down (the difference between the price at which we take a principal position and the transaction execution price with you). We may alternatively agree to charge a commission or a combination of commission and mark-up or mark-down. Our charges are not considered in determining best execution prices. Our typical dealing spread together with information about our average speed and rate of transaction execution is published on our website under Pricing and Execution.

Execution Venue

1. Foreign exchange

Our price quotes are generally derived from prices provided to us by selected top tier global banks in the wholesale foreign exchange markets which we believe will provide the best available prices to you on a consistent basis.

2. gold and silver

Our price quotes are generally derived from prices provided to us by selected top tier global banks in the wholesale gold and silver markets which we believe will provide the best available prices to you on a consistent basis.

3. other Commodity CFDs

Our price quotes are generally derived from quoted or execution prices from the following derivative exchanges for the following commodities and which we believe will provide the best available prices to you on a consistent basis:

- 1.1. Gold, Silver, Aluminium, Zinc, Oil, Wheat, Cotton, Crude Oil, Coffee, Copper, Corn, Brent, Copper, Natural Gas, Sugar

4. Index CFDs

Our price quotes are generally derived from quoted or execution prices for the underlying reference assets from the following derivatives exchanges with respect to the following indices which we believe will provide the best available prices to you on a consistent basis.

- 1.2. CAC, DAX, DOW, FTSE, NASDQ, S&P, VIX, AEX, ASX, Hang, IBEX, JSE, MSCIS, Nikkei, SMI, SPMIB, USD Index

Closed markets

Our foreign exchange services are offered 24 hours daily on Business Days. Full details of trading hours are published on our website. Commodity CFDs and Index CFDs are traded only during the hours when the underlying execution venues identified above are open for trading. Full details of these trading hours are available on our website.

Gapping

Gapping, as described below, can occur when an underlying execution venue is closed with the result that on re-opening of the execution venue the price of the underlying commodity or index product (and therefore our derived CFD price) can be markedly different from the closing price, with no opportunity for you to close your trade before the execution venue re-opens.

Order Execution Risks

1. Slippage

We take reasonable steps so that execution of our quoted prices will obtain the best possible result for you at the time the quote is provided however fast-moving markets may result in execution of a transaction at a price which has ceased to be the best market price.

2. Gapping/volatility

There may be significant market movement after a news announcement or economic event or between the close and re-opening of a market which will have a significant impact on the execution of a pending order. Clients should be aware of the following risks associated with volatile markets, especially at or near the close of the standard trading session:

- a. an order may be executed at a substantially different price from the quoted bid or offer, or the last reported trade price at the time of order entry, or an order may be only partially executed or may be executed in several shapes at different prices: and
- b. opening prices may differ significantly from the previous day's close.

3. Trading system or internet connectivity execution delays

Delays in execution beyond our control may occur as a result of technical failures or malfunctions in connection with use of the Trading Systems or internet connectivity or processing speed for which we do not accept responsibility.

4. No fiduciary duty

Our best execution commitment does not mean we owe you or assume any fiduciary responsibilities other than those imposed by Applicable Laws and agreed in the Trading Agreement.

5. Monitoring and Review

We will monitor the effectiveness of our order execution arrangements and execution policy to identify and, where appropriate, correct any deficiencies. We shall notify you of any material changes to our order execution arrangements or execution policy.
